New Clean Label Chicken Wing Solutions Marinade and Coating Systems

We are introducing our latest additions to the Sealtite and Seal 'N Crisp product lines for chicken wings: **Sealtite Chicken Wing Marinade CL**, **Sealtite Marinade WOB** and **Seal 'N Crisp CLW**. These new products are *clean-label* marinades and coating systems for wings which provide *excellent cook yields, tender and moist meat, savory flavor* and a *crispy golden brown exterior*. The new ingredient systems are versatile, allowing for wings to be cooked and re-heated under various conditions.

Our ingredient systems combine **function** and **flavor** and are designed to meet your processing and ingredient requirements. AFS' expert culinary and food science team is ready to develop customized ingredient systems for your next food product challenge.

SOLUTIONS CENTER

Sealtite Chicken Wing Marinade CL

A clean label (native starch, phosphate-free) flavored marinade system that provides high cook yield and a savory flavor for chicken wings.

Sealtite Marinade WOB

Starch and binder-free systems for chicken wings. Sealtite Marinade WOB provides high cook yield, moist and tender texture, and savory flavor.

Seal 'N Crisp CLW

Seal 'N Crisp CLW is a pre-dust system that gives chicken wings a juicy interior and a crispy exterior with a golden brown color.
